

EUTR DECLARATION RISK ASSESSMENT 2021

We, SWISS KRONO S.A.S., as supplier of wood based panels of your society, declare that we have implemented a Due Diligence System (DDS) in order to comply with the EU Timber Regulation (EUTR) N° 995/2010

Our products do not include:

- Wood from non authorized cut;
- Illegally harvested wood;
- Protected or threatened wood species for which harvesting is prohibited;
- Wood harvested in violation of traditional and civil rights;
- Wood harvested in forest with High Conservation Values;
- Wood from areas where management activities have a significant impact on:
 - Sensible zones (high environmental and cultural values)
 - Natural forests
- Wood from forests in which genetically modified trees are planted.

Part of our DDS, we carried out a Risk Assessment which demonstrated that all our raw material come from low risk areas as detailed below. These information are checked every year with our wood suppliers:
